

## Doctor's Day

National Doctor's Day is celebrated on July 1st to honor the dedication and selfless service of doctors and healthcare professionals. This day serves as a reminder to appreciate the vital role doctors play in our lives, especially in times of crisis. On this occasion, let's express our gratitude and acknowledge their unwavering commitment to the well-being of our community.

### FR. JOHN PALIAKARA HONORED WITH "INSPIRING EDUCATION HERO AWARD"

We are delighted to announce that Fr. John Paliakara, our esteemed Executive Director, has been honored with the "Inspiring Education Hero Award" by EGN India at the Southern India Conclave in Ernakulam. This prestigious recognition acknowledges his unwavering dedication and substantial contributions to the field of education over the past decade. Under his visionary leadership, Christ College of Engineering has experienced remarkable growth and excellence. Our heartfelt congratulations to Fr. John on this well-deserved accolade!

# Mega ATVC Competition 2026

Excitement is building as Coimbatore gears up to host the Mega ATVC Competition 2026 this February. Organized by Team Prowler, this premier engineering showdown promises an electrifying mix of day and night events, giving participants the chance to showcase their talents and connect with industry leaders. With prizes, recognition, and unique experiences on offer, spots are filling fast! Secure your place by registering online, and don't miss your chance to be part of one of the year's most anticipated tech events.

## Student Enrichment Program: Introduction to MATLAB and Simulink

The Department of Electronics and Communication Engineering at Christ College of Engineering hosted a Student Enrichment Program on "Introduction to MATLAB and Simulink for Circuit Simulation & Network Analysis" on June 23-24, 2025. Led by Mr. Dhanoop K Dhanpal from CoreEL Technologies, the workshop offered hands-on experience in advanced circuit simulation and network analysis. Coordinated by students Soorya John and Aswathy P S, along with faculty member Mr. Ajeesh S, the program aimed to enhance students' technical skills for future challenges in the field.

# Elevate 2025: Faculty Enhancement Program

The Department of Civil Engineering at Christ College of Engineering, Irinjalakuda, organized a Faculty Enhancement Program titled "Elevate 2025" on June 26, 2025. The session focused on "Current Trends in Construction Industry," offering valuable insights into the latest advancements and best practices in the field. The resource person for the event was Er. P. N. Suresh, Former Chairman of the Builders Association of India (BAI), Kerala. The program provided an excellent platform for faculty members to update their knowledge and engage in discussions on contemporary construction technologies and industry trends.

## Autonomous Drone Development Competition (ADDC)

SAE Southern Section invites all aspiring innovators and tech enthusiasts to participate in the Autonomous Drone Development Competition (ADDC). This is your chance to design, build, and demonstrate the future of autonomous drones. Showcase your creative solutions and technical prowess on a competitive platform. Don't miss out on this exciting opportunity—register now and take the first step toward redefining aerial technology!

# Corporate Readiness Day

The Training & Placement Cell at Christ College of Engineering, Irinjalakuda, is organizing Corporate Readiness Day on June 30, 2025. This event aims to prepare students for the professional world by providing valuable exposure to the recruitment process. Activities include group discussions, technical interviews, and HR interviews, all designed to enhance students' confidence and employability skills. The initiative is held in association with the Alumni Chapter CCE, ensuring participants benefit from real-world insights and expert guidance.

## Industry Institute Interaction: The Electronics Landscape

**DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING**  
(NBA Accredited)

Industry Institute Interaction

**The Electronics Landscape: Current State and Future Outlook**

**Ms. Sumitha Sudhakaran**  
DFT Microarchitect,  
Intel Corporation,  
Folsom, California

26/6/2025  
11 a.m. to 1 p.m.

The Department of Electronics & Communication Engineering at Christ College of Engineering held an Industry Institute Interaction session on June 26, 2025, titled "The Electronics Landscape: Current State and Future Outlook." Ms. Sumitha Sudhakaran from Intel Corporation shared insights on trends, challenges, and opportunities in the electronics sector, enhancing the connection between academic learning and industry needs. The session encouraged active participation, allowing students and faculty to better understand the future of electronics and communication engineering.
